Dear Mr. Becker:

Congratulations on the recent listing into the National Register of Historic Places!

The National Park Service, United States Department of the Interior listed Camp Crowell Hilaka Historic District, 4374 Broadview Rd., in **Richfield** on January 21, 2020. The nomination was made in connection with a state plan to identify and document prehistoric and historic places in Ohio which qualify for National Register status under provisions of the National Historic Preservation Act of 1966 as amended.

The State Historic Preservation Office (SHPO) is available to advise you in maintaining the historic character of your property. As you know from previous mailings received from this office, there are no restrictions placed on your property following the National Register listing. However, the SHPO strongly encourages owners of historic properties to consider all options before completing work that could damage the structure or impair its historic integrity. Careful planning can facilitate the sensitive incorporation of contemporary alterations with the historic fabric. The SHPO provides free information on how to sensitively rehabilitate and repair historic properties, upon request.

Thank you for your interest in historic preservation and the National Register of Historic Places.

Sincerely,

A handwritten signature in black ink that reads "Barbara A. Powers".
